

GENERAL PESTICIDE NOTICE FOR PARENTS

Dear Parent or Guardian:

A Minnesota state law went into effect in year 2000 that requires schools to inform parents and guardians if they apply certain pesticides on school property. Specifically, this law requires schools that apply these pesticides to maintain an estimated schedule of pesticide applications and to make the schedule available to parents and guardians for review or copying at each school office.

State law also requires that you be told that the long-term health effects on children from the application of such pesticides or the class of chemicals to which they belong may not be fully Understood. If you would like to be notified prior to pesticide applications made on days other than those specified in the estimated schedule (excluding emergency applications), please complete and return the form below and mail it to me. If you have any questions regarding this notice, please contact at school.

Sincerely,

Jane Schmidt
Principal

Request for Pesticide Notification

I understand that the school will make available an estimated schedule of pesticide applications for review and copying at the school office. Should a pesticide application be scheduled on a day different from the day(s) specified in the original schedule, I would like to be notified.

I would prefer to be notified by (circle): US Mail E-mail

Please print neatly:

Name of Parent/Guardian: _____ Date: _____

Address: _____

Day Phone:() _____ Evening Phone:() _____ E-mail: _____
